myPassword Profile Setup

1. Navigate to [https://mypassword.anl.gov/](https://mypassword.anl.gov/)
2. Select Create or Edit your Argonne myPassword Account Profile
3. Login with your Argonne username and password.
   a. Note: @anl.gov is NOT needed after your username
4. For questions 1-4, you will set the question and type in your answer.
5. On Question 5, you will set your own question and answer.
6. Select Submit at the bottom and you will see a message that ‘You have successfully updated your profile.’ and you will be returned to the home screen.

**NOTE:** If you log back in after setting your questions and answers you will now only see the questions for questions 1-4 that you set. If you would like to update one entry you need to complete **ALL** the questions and answers again.
